

## Message from the Headteacher

### Parents Evening 3.30-6pm, Thursday 7th April 2022

The booking system for parents evening will remain open through school spider until Wednesday 6<sup>th</sup> at midday. So there is still time to book your appointment if you have not had chance to do so.

Parents Evening itself is on Thursday 7<sup>th</sup> April.

If your appointment is in class 8, 9 or 10 then please enter through the playground gates on Richmond St, walk down the passageway between the upper junior building and the main building to access these classrooms. You will exit via the same route.

If your appointment is in Class 2, 3 or 4 then please enter through the playground gates on Richmond St, then access these class rooms via the steps your children usually enter and exit the building.

If your appointment is in Class 1, 5, 6 or 7 then please enter through the playground gates on Richmond St, then access these class rooms via the door nearest to class 6 (it is to the right of class one).

There is no entrance or exit via the front of school.

If you have any covid symptoms or are isolating because you have tested positive, then please do not attend on the night.

We all look forward to seeing you on Thursday.

### PTA Event: Break the Rules Day

A massive thank you from the PTA for all your support with Break the Rules Day.

### School Uniform

This is just a reminder that earrings are not allowed in school. Thank you for your continued support with this. Children are also to wear black shoes in school and not trainers as part of our school uniform code.

### Parking

For the safety of our children, if coming by car, please make use of the church car park across the road and do not drive down Richmond St or park on the yellow zigzag lines.

**Updated Local and National Advice in relation to Covid-19** (this can also be found in the Covid-19 section of the school website)

### **What to do if you have a positive COVID-19 test result**

#### **Try to stay at home and avoid contact with other people**

If you have a positive COVID-19 test result, it is very likely that you have COVID-19 even if you do not have any symptoms. You can pass on the infection to others, even if you have no symptoms.

Many people with COVID-19 will no longer be infectious to others after 5 days. If you have a positive COVID-19 test result, try to stay at home and avoid contact with other people for 5 days after the day you took your test. There is **different advice for children and young people aged 18 and under**.

If a child or young person has a positive COVID-19 test result they should try to stay at home and avoid contact with other people for 3 days after the day they took the test, if they can.

After 3 days, if they feel well and do not have a high temperature, the risk of passing the infection on to others is much lower. This is because children and young people tend to be infectious to other people for less time than adults.

#### **When children and young people with symptoms should stay at home and when they can return to education**

Children and young people with mild symptoms such as a runny nose, sore throat, or slight cough, who are otherwise well, can continue to attend their education setting.

Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people, where they can. They can go back to school, college or childcare, and resume normal activities when they no longer have a high temperature and they are well enough to attend.

All children and young people with respiratory symptoms should be encouraged to cover their mouth and nose with a disposable tissue when coughing and/or sneezing and to wash their hands after using or disposing of tissues.
