Dear Parents

Building Work at School during and after the Summer Holidays

During the summer holidays there will be the start of work on our roofs in school. This will include the areas around the year 5&6 building and also the main building that you can see from Huddersfield Rd. The work will continue after the holidays and into the Autumn term.

We anticipate at this time that the work will take 18 weeks.

All work will be carried out with the highest of health and safety procedures. There will be scaffolding though around these buildings that will also include some of the areas on the pathways off Richmond St and on to the playground and also at the front of school.

Entrance and Exit to School after the Summer Holidays and Start and Finish Times

From Monday 5th September:

From after the holidays all children will enter and exit school via Richmond St.

The school gates off Richmond St will open at 8.40am

School will start at 8.45am

In the afternoon the school gates will open at 3.05pm

School will finish at 3.15pm

Our new Reception class will enter via Richmond St and enter via their usual entrance in the early year's outdoor area. This class will also be collected from the same area.

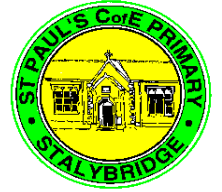

Years 1-6 will enter via Richmond St and be collected from the playground by their teachers in the morning. You will then collect your children from the playground at the end of the day.

We ask that adults collecting children come onto the playground to collect their children at the end of the day and do not wait on the pathway that leads up to the school gates as this will be a narrower space due to the presence of scaffolding.

Please out of safety for our children and also out of respect for our neighbours do not drive down Richmond St at the start and end of day. Also do not park in the immediate vicinity of Huddersfield Rd or the yellow zig zag lines. Our church kindly lets us use their car park at drop off and pick up times so please use this space if coming by car and walk down to school.

Yours sincerely
Mr S Wright
